View profile

hatless1der Intro

Welcome! This page is for anyone who loves open source investigating, and feels overwhelmed by the amount of resources and information out there. This is my personal one-stop shop for my favorite OSINT content available online, and I hope it helps you find new ways to learn from some amazing people. I add content here regularly. Who am I? Well, I certainly stay busy: I am an investigator with a 20 year background resolving certain types of organized crime. Nowadays, my professional focus is in the realm of crimes against children. I am currently the Chief Investigations Officer at The National Child Protection Task Force (<https://ncptf.org>), formerly their Director of Intelligence. I am also the Vice President of Clicksafe Intelligence, focusing on how dark-web predator research can produce better parental education. I am an instructor at MyOSINT.Training, a site dedicated to bringing high-quality instruction to students both virtually and in-person. I am one of the co-founders of the OSINT Games capture the flag platform (<https://osint.games>), and finally I am the President of Hatless Investigations Group, where I help investigative professionals learn new skills for conducting their work online. Sometimes, I blog about OSINT stuff at hatless1der.com. I have a tremendous passion for all things OSINT, SOCMINT, GEOINT, and HUMINT. I love networking with the OSINT community, learning with the many amazing people out there, and in recent years have focused heavily on using my experience to make a difference in the world and help other OSINT-interested people find new ways to learn and grow.
